The Foolish Farmer

Luke 12 v 16—31

Jesus told a parable about a farmer. A parable is a simple earthly story that teaches us important spiritual lessons.

In the parable, there was a farmer. Each year, the farmer had to sow his crops, and after they had grown harvest them. **Join with lines what the farmer had to do each year in order and colour the pictures.**

Plant the crop

Harvest the crops

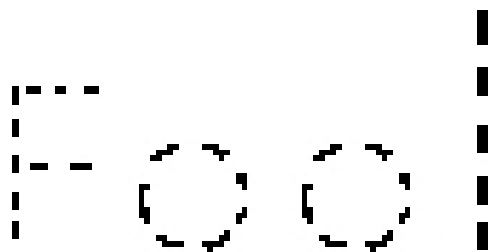

Let the crops grow

The farmer had too much fruit so he decided to pull down his barns and build bigger barns. There is a small barn on the left. Draw a bigger barn on the right.

The farmer had prepared for the rest of his life. Join the dots to see what God called him.

He was going to die that night and was not prepared to die. We must seek God's kingdom before seeking our own good. Colour the verse below.
